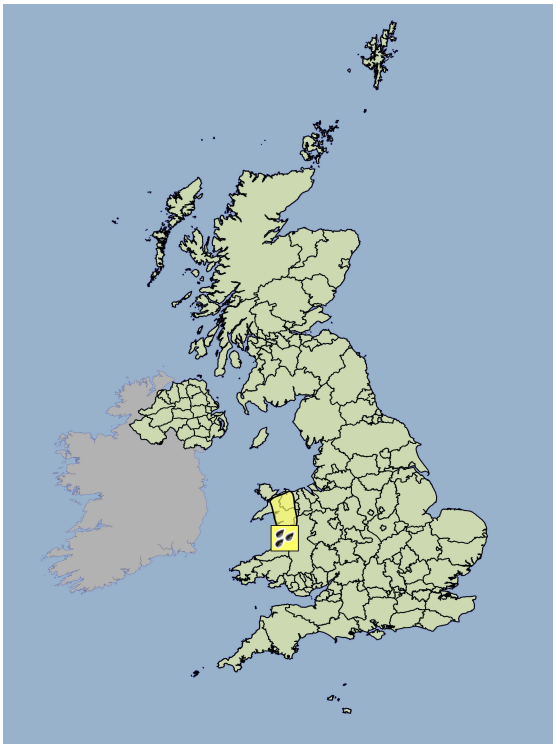
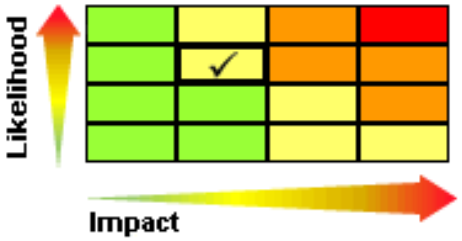
National Severe Weather Warning Service





Chief Forecasters Assessment
A cold front will reach north Wales from the northwest on Wednesday evening, bringing a spell of heavy rain. 20 to 40 mm is likely to fall quite widely, with 60 mm possible across parts of Snowdonia. Given saturated conditions this is likely to lead to some flooding.

The cold front and associated rain then clearing to the southeast on Thursday morning.

The Met Office have issued a **Yellow Warning** of **Rain**

Valid from **19:00 on Wed, 09th Dec 2015** until **08:00 on Thu, 10th Dec 2015**

Heavy rain is expected to arrive from the northwest on Wednesday evening then persist through much of the night before clearing to the southeast on Thursday morning.

Be aware of the potential for some localised flooding of roads and properties, with some travel disruption likely.
